...Make a difference for our children

Dear Friend,

Thanks to you, many dreams were fulfilled because of your generous response to last year's Book of Dreams. Principals, teachers, parents and students were elated! This year's book has a special goal; it is not for enhancement that we now give, but for the very fundamentals. Because so many of our parents have lost their jobs or have had their hours cut, they are struggling to survive. More than 40% of our children will not be able to return next year without significant additional support.

You will find an extra wish on each school's page this time – a wish for help with a child's tuition — whether for a year, a month, a week or a day. Even though you, too, are feeling the pinch of our financial downturn, will you reach out to these families and help them keep their children in our schools? This year the dream is very basic, and the help is needed more than ever! Are you the angel who can help grant one of these wishes?

Please look through our book and find an item that you would like to help with, then simply check the box of the school you would like to receive your gift and enclose your check **made payable to the school** by June 1, 2009 (earlier than usual, so the schools will know how many students will be helped).

God bless you for "going that extra mile" and proving that angels continue to walk among us!

Your very grateful

*Sister John Martin,
 Principals and Children*

*Thank you for your continued generosity and support - You **do** make a difference!*
